FREESTYLE WORLD CHAMPIONSHIP
AUGUST 2026

FFSTB x IBTF

PARIS AND THE TREMBLAY-EN-FRANCE ARENA: **A DREAM WITHIN REACH:**

Who hasn't dreamed of discovering Paris, that mythical capital where history, art and culture meet at every street corner ? The City of Light, a symbol of beauty, elegance and creativity, has always inspired artists, writers and travelers from all over the world. From the majestic Eiffel Tower, a true icon of the city, to the Louvre, one of the world's greatest museums, to the splendor of Versailles, Paris fascinates and seduces.

But today, it's in a completely different light that Paris invites you to enjoy an unprecedented experience. We invite you to experience an exceptional event, a World Baton Twirling Championship that promises to be spectacular, and all this in a venue worthy of the occasion : **the Arena de Tremblay-en-France.**

Located at the gateway to Paris, the Tremblay-en-France Arena is a modern showcase designed to offer an incomparable experience. This prestigious venue, with its impressive capacity and state-of-the-art facilities, will become the beating heart of the competition. The unique atmosphere of this arena will ensure that every performance is experienced in ideal conditions, while being in the immediate vicinity of the capital and its wonders.

PARIS AND THE TREMBLAY-EN-FRANCE ARENA:

THE PLACE TO BE :

During this incredible week, you'll be immersed in **an environment where adrenalin, passion and talent meet**. Every athlete, every coach, every official and every spectator will be welcomed in exceptional conditions, in a setting that puts performance at the center of everything.

An event that's not just about competition, but becomes a true celebration of freestyle Baton Twirling, where surpassing oneself and the spirit of friendship are at the heart of every moment.

The Tremblay-en-France arena, both modern and welcoming, offers **a breathtaking view of the exploits of the world's best athletes**. Let yourself be carried away by the magic of Baton Twirling in this space where every movement comes to life under the admiring eye of an audience from the four corners of the globe.

And of course, between two competition highlights, **you'll be just a few kilometers from the jewels of Paris**. Stroll along the banks of the Seine, discover the charm of the Marais district or enjoy an evening in Montmartre. Paris and its incomparable energy await you, to make your experience complete.

We invite you to join us for this extraordinary event, where the extraordinary becomes reality. The Tremblay-en-France Arena, with its grandeur and electric atmosphere, will be the stage for a week where every moment will count, an event that will leave a lasting impression.

So, are you ready to take up the challenge, experience the intensity of freestyle Baton Twirling and discover Paris and Tremblay-en-France like you've never seen them before ?

THE TREMBLAY-EN-FRANCE ARENA:

A PRESTIGIOUS VENUE IN THE HEART OF THE ÎLE-DE-FRANCE REGION :

Located just 5 minutes from Charles de Gaulle international airport, the Tremblay-en-France Arena is a true crossroads between the French capital and the rest of the world.

Its strategic location makes it an ideal venue for large-scale events.

Only 30 minutes from downtown Paris, and easily accessible by RER B train or by car via the A1 and A3 freeways, the Arena is a logistical crossroads, facilitating access for spectators and athletes from all over the world.

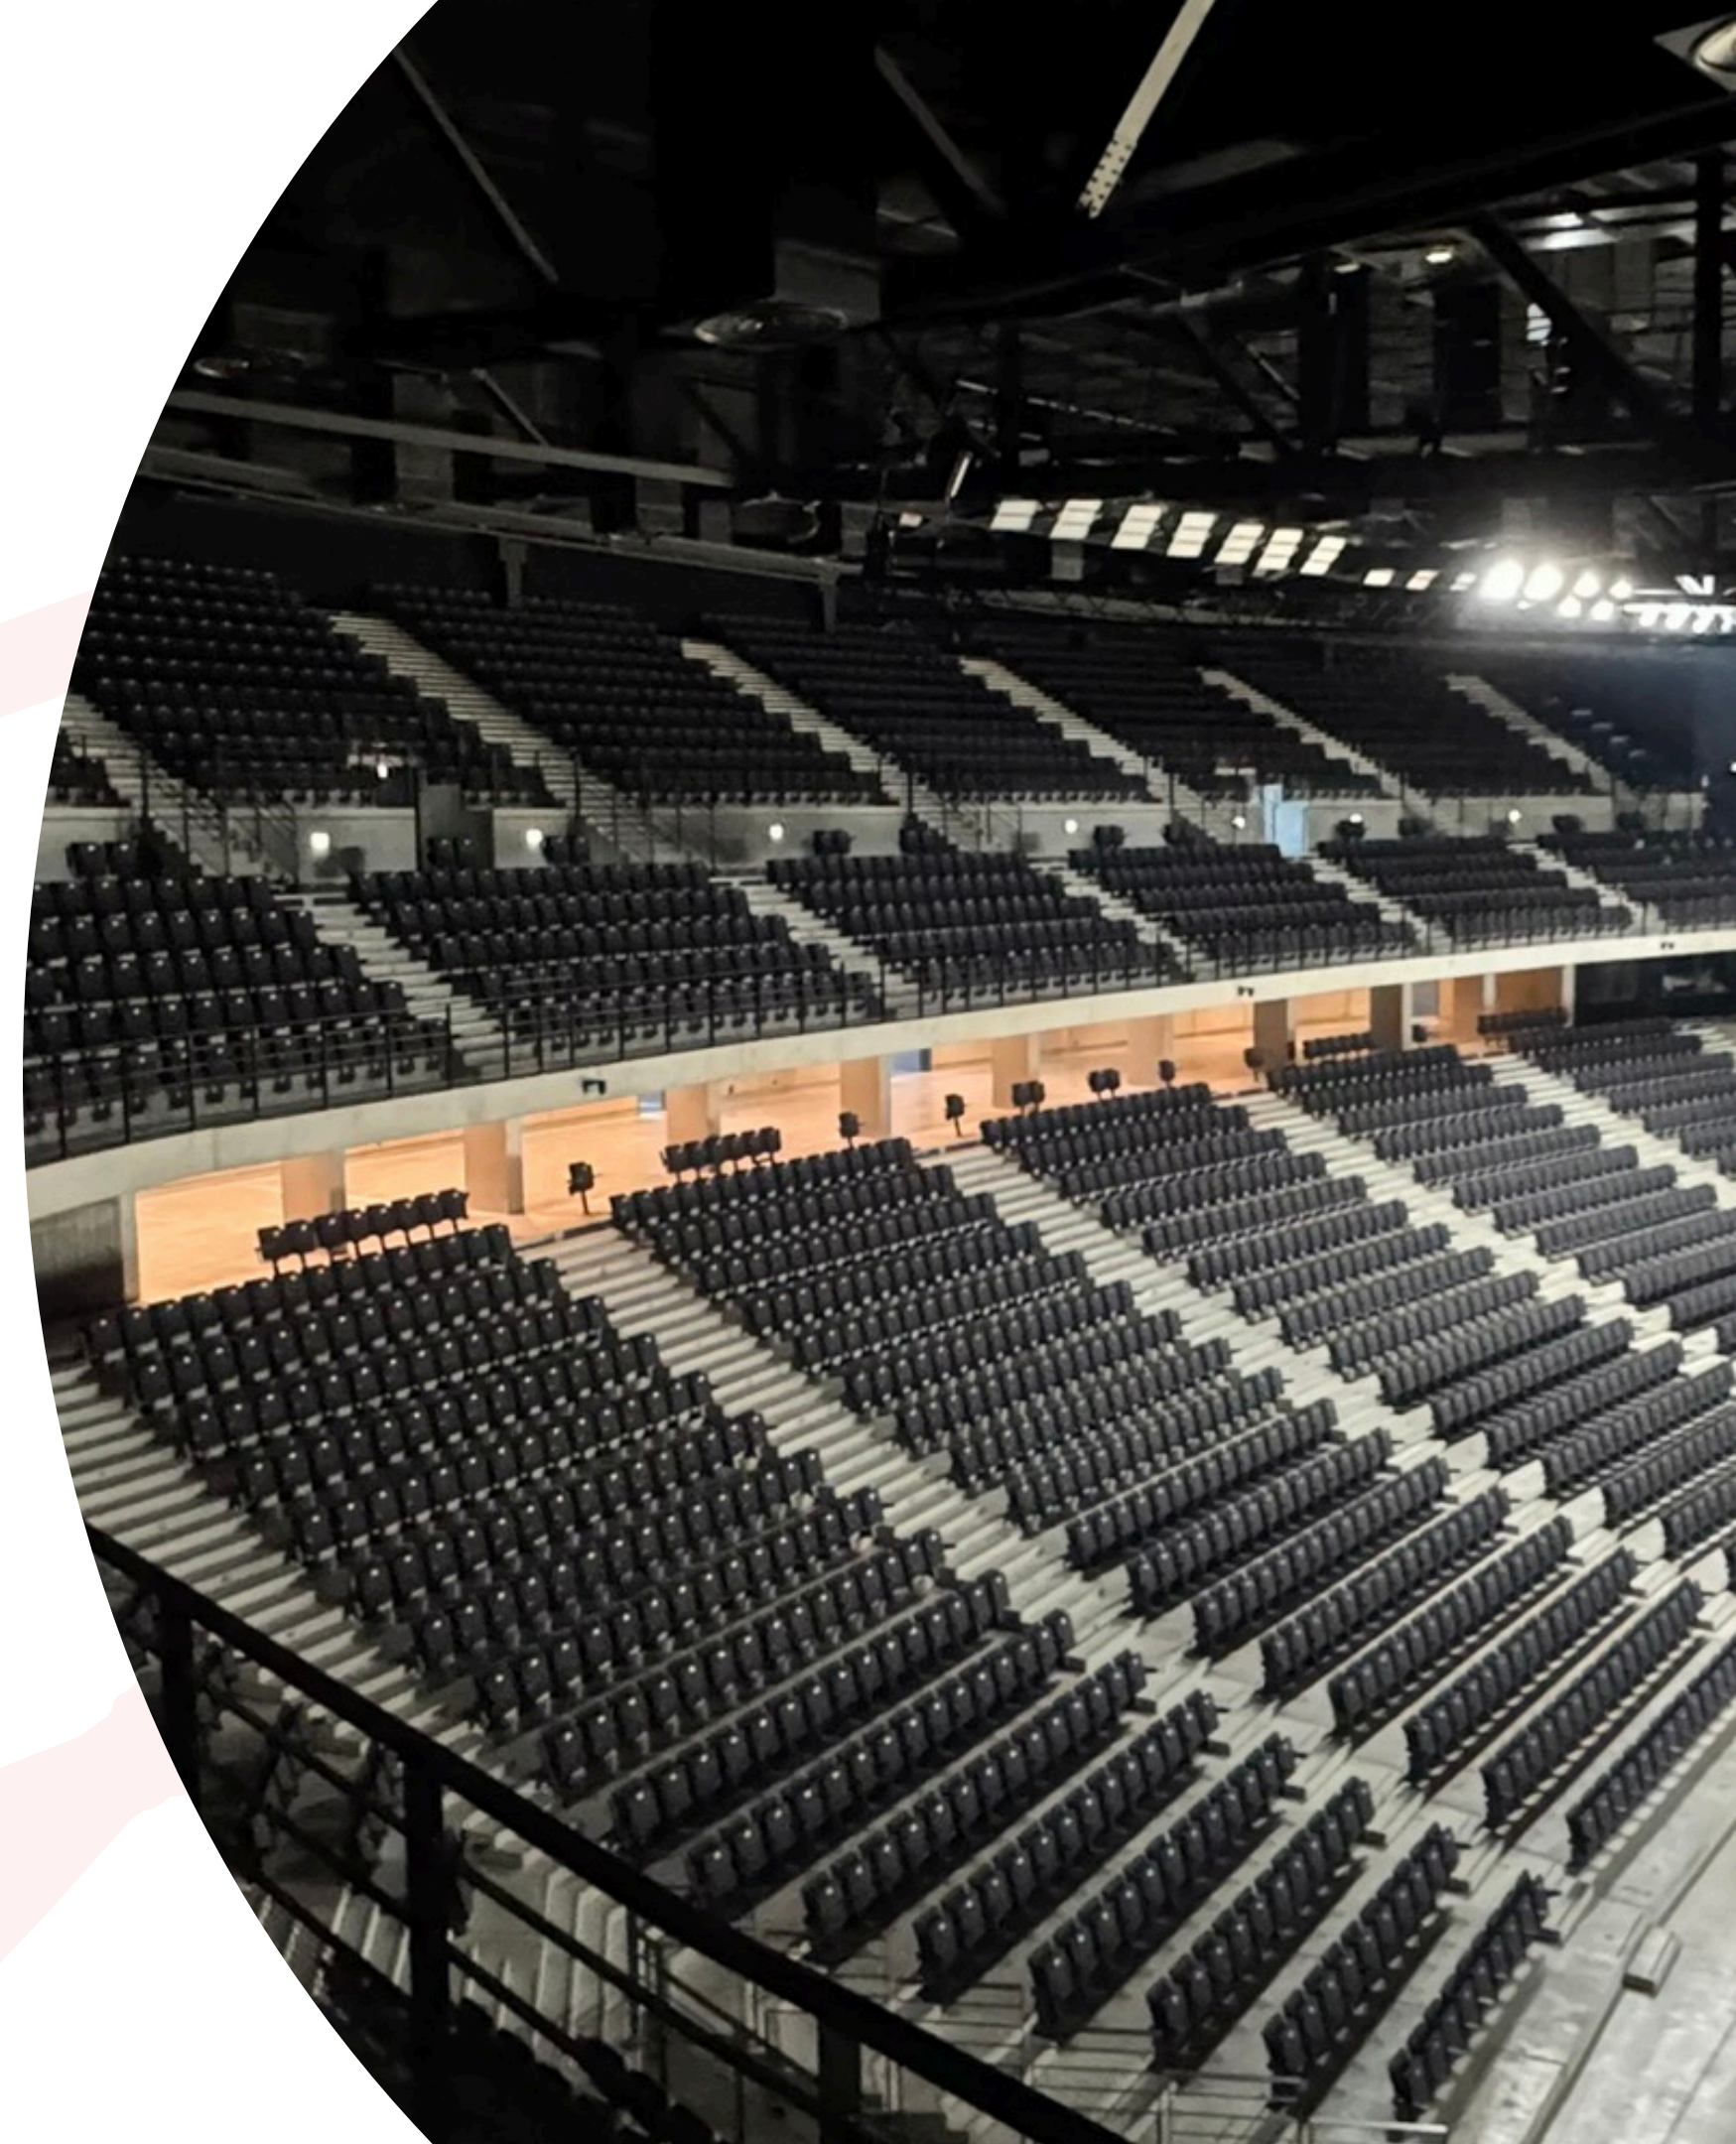

THE TREMBLAY-EN-FRANCE ARENA:

AN IMPRESSIVE SPACE FOR THE EVENT:

The Tremblay-en-France Arena stands out for its capacity and modern infrastructure, making it a versatile venue capable of hosting large-scale sporting, cultural or professional events.

The main building boasts a **6000 seats** auditorium, offering a panoramic, unobstructed view of the competitions. This gigantic space is perfectly suited to hosting international competitions, while guaranteeing each spectator a quality experience, as close to the action as possible.

The main hall is designed to offer perfect acoustics and optimum visibility, while ensuring the comfort and safety of its audience. Thanks to its modern, innovative architecture, the Arena meets the highest standards for large-scale events.

THE TREMBLAY-EN-FRANCE ARENA: **IMPRESSIVE DIMENSIONS FOR A FLEXIBLE SPACE:**

The Arena's main hall rises to a height of **17 metres**, giving an impression of grandeur and space that contributes to the magic of the venue.

This height makes it possible to accommodate large-scale equipment and technical installations, while guaranteeing fluid circulation for spectators and athletes alike.

The design of the arena ensures optimum organization of this world championship, with logistics designed to maximize efficiency and comfort.

THE TREMBLAY-EN-FRANCE ARENA:

AN ADJOINING GYMNASIUM FOR HIGH-LEVEL TRAINING:

Next to the main hall, a **1600 seats** gymnasium serves as a warm-up and training area for athletes.

Equally well-equipped as the main hall, this gymnasium enables participants to prepare in ideal conditions prior to their performances.

The gymnasium's **13-meters** height allows ample movement and quality facilities for all types of practice.

This additional space makes the Arena an all-in-one venue, capable of meeting the needs of athletes, coaches and officials, while guaranteeing optimum comfort for all spectators and participants.

Several nearby gymnasiums are also available, providing delegations with an ideal setting for high-quality training, guaranteeing optimal conditions for preparation prior to competitions.

THE TREMBLAY-EN-FRANCE ARENA:

FACILITIES TO MATCH MAJOR EVENTS:

The Aréna de Tremblay-en-France is a venue designed to **host large-scale events in optimal conditions**, with modern infrastructures adapted to a variety of needs. In addition to its large hall and gymnasium, the Arena offers a range of high-end facilities, making it a versatile center capable of meeting the requirements of sports competitions, conferences, trade shows and many other events.

The Arena has **10 private boxes**, all designed to offer exceptional comfort to VIPs, organizers and delegation heads. The loges are modular and can be used in a variety of ways: as meeting rooms for seminars or business meetings, as judges' rooms for high-level competitions, or as presidential lounges for VIP guests, offering an unobstructed view of the competition while guaranteeing discretion and comfort.

These spaces are designed to combine functionality and elegance, and are equipped with modern furnishings, high-quality audiovisual systems, and access to personalized services to guarantee a premium experience for those who benefit from them.

THE TREMBLAY-EN-FRANCE ARENA:

STATE-OF-THE-ART MEDICAL AND SPORTS FACILITIES:

The health and safety of athletes, spectators and participants is paramount. That's why the Tremblay-en-France Arena is equipped with **2 fully equipped infirmaries** featuring state-of-the-art medical equipment. These spaces ensure rapid care in the event of need, whether for minor injuries or more extensive intervention. The infirmaries are fluidly accessible from all strategic points in the Arena, guaranteeing an immediate response in the event of an emergency.

Athletes also benefit from several changing rooms, equipped with modern showers and toilets. These spacious and functional locker rooms are designed to meet the needs of each team, with individual or collective areas depending on requirements, enabling preparation in a comfortable and professional environment.

SPACES FOR EXHIBITORS AND TRADE EVENTS:

The Arena's reception hall is an essential passageway for all participants and spectators. To meet the needs of exhibitors and partner companies, individual booths are available in this area. These booths offer a practical and secure environment for presenting products, services or information, while allowing direct interaction with participants and visitors. These spaces can be adapted to suit the event in question, and can be set up to host trade shows, fairs or information stands.

ACCESSIBILITY FOR ALL, AN INCLUSIVE SPACE:

The Arena has been designed with ease of access in mind for all visitors, including those with reduced mobility. Several elevators have been installed to ensure smooth, accessible circulation throughout the Arena, whether in the main hall, the dressing rooms or other areas of the venue. Reserved places are available for spectators in wheelchairs, and the toilets are also adapted to their needs. The entire infrastructure ensures total accessibility, so that everyone can enjoy the event to the full, while respecting equal opportunities.

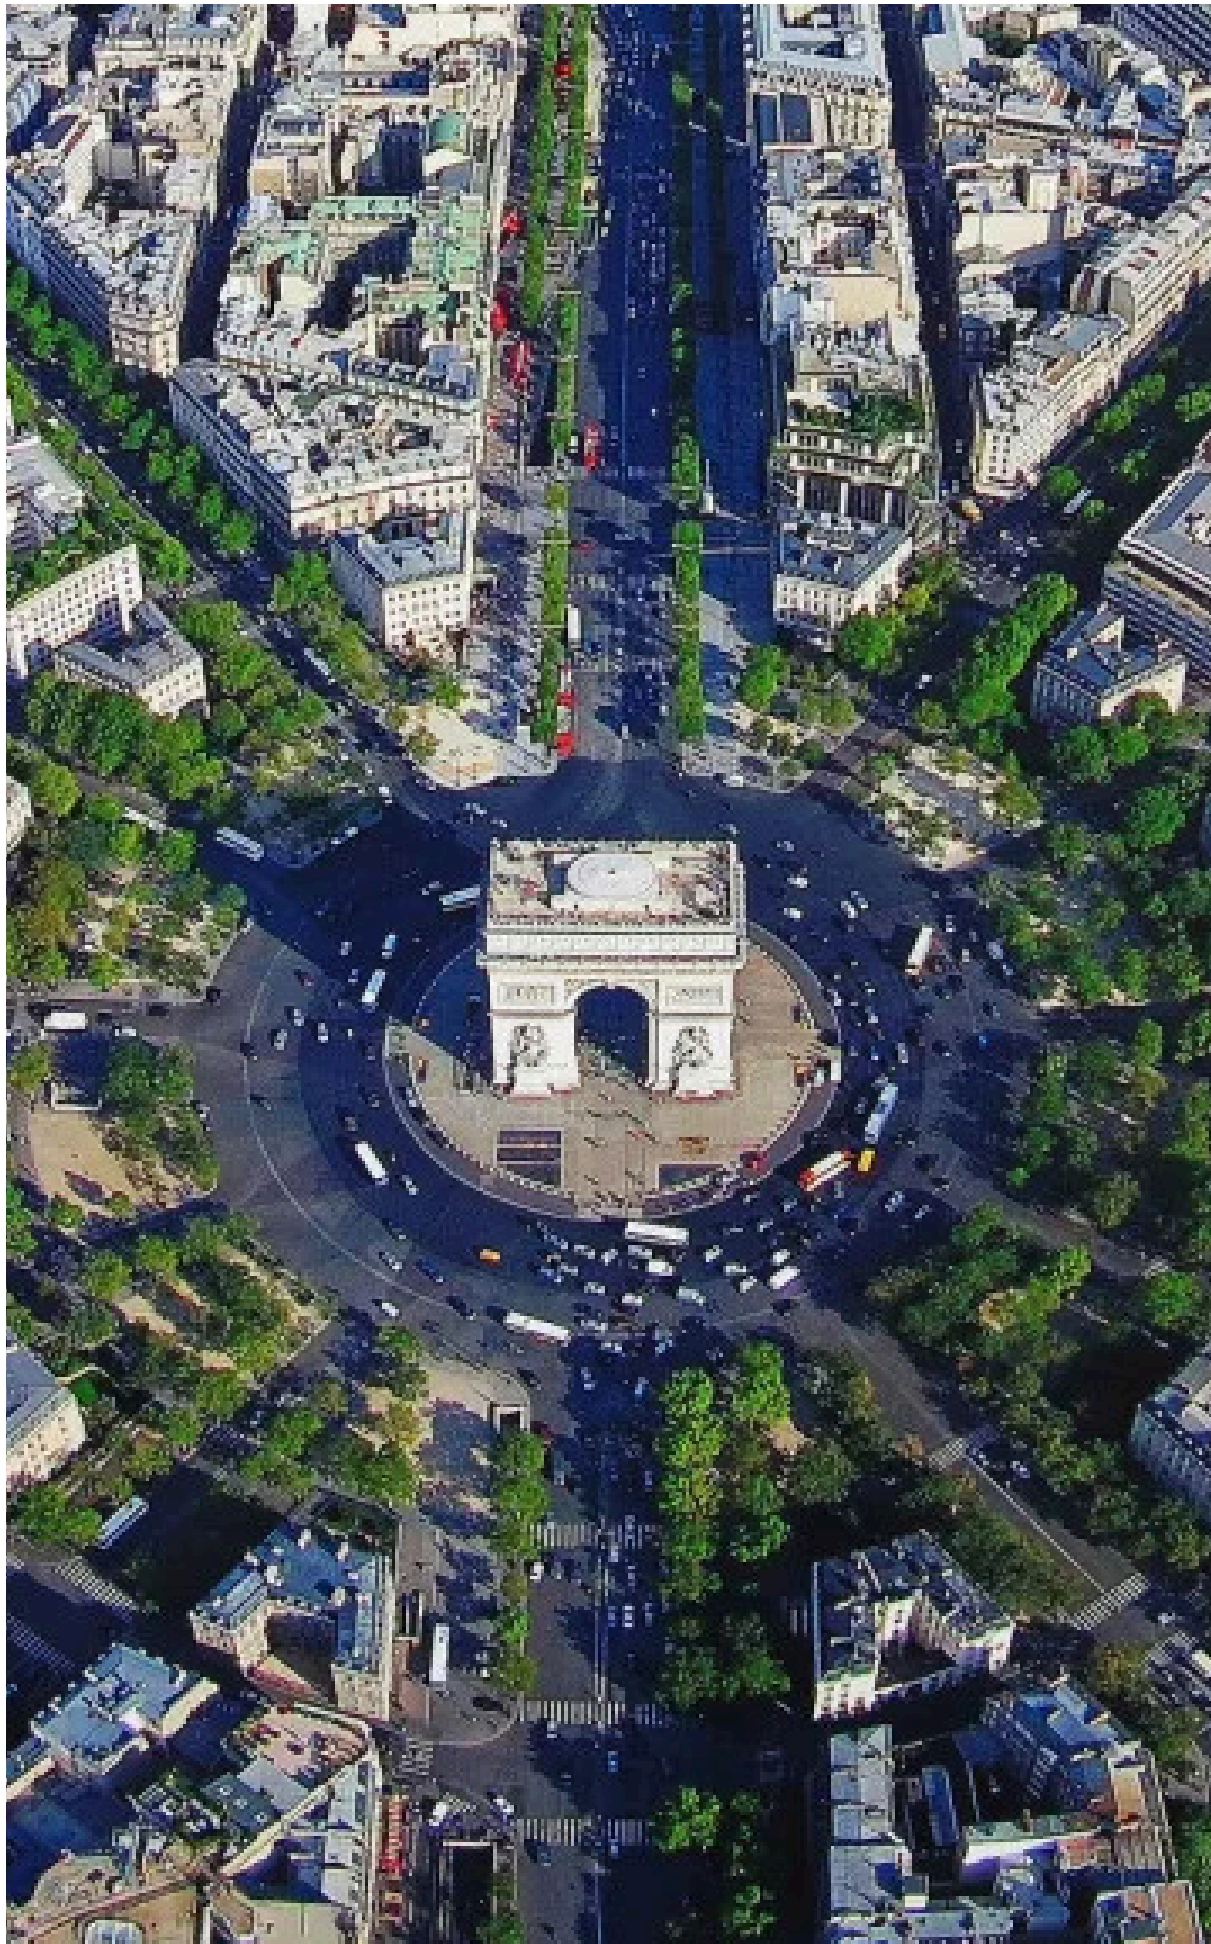

A SPACIOUS, MODULAR FORECOURT FOR OUTDOOR EVENTS:

The Arena also boasts a large outdoor forecourt, a versatile, modular space that can be adapted to the specific needs of each event. The forecourt can be used for outdoor events such as concerts, entertainment, exhibitions or promotional activities linked to the main event. It is a true extension of the Arena, offering visitors an immersive and extensive experience, while encouraging interaction between the public, participants and exhibitors.

ADAPTED PARKING FACILITIES AND EASY ACCESS:

The Tremblay-en-France Arena has **3 large parking lots**, providing easy access for spectators, athletes, officials and partners. One of these parking lots is reserved for officials, to guarantee their comfort and safety. The other parking lots are accessible to visitors, with dedicated areas for private vehicles and buses, to ensure smooth traffic flow, particularly during major events.

THE TREMBLAY-EN-FRANCE ARENA:

STATE-OF-THE-ART MEDICAL AND SPORTS FACILITIES:

The Arena also benefits from **an extensive network of nearby hotels**, tailored to the needs of sports delegations, officials, partners and spectators.

Hotels of all categories are located just a few minutes from the Arena, offering a convenient solution for participants coming from abroad or from the region.

Whether for luxury or more economical accommodation, all needs are covered, ensuring a pleasant and comfortable stay for all visitors.

The Tremblay-en-France Arena is more than just a competition venue; it's a truly global welcome center, offering modern facilities and exceptional accessibility, while meeting the specific needs of organizers, athletes and spectators alike.

These top-quality facilities make it an ideal venue for hosting the World Baton Twirling Championships in the best possible conditions.

PARIS AND THE TREMBLAY-EN-FRANCE ARENA:

HOME OF EXCELLENCE FOR TWIRLING BÂTON, LEGACY OF THE PARIS 2024 OLYMPIC GAMES:

On the strength of its experience in organizing international events, France is the ideal setting to host the World Baton Twirling Championships. **Thanks to the legacy left by the Paris 2024 Olympic Games**, the country benefits from modern structures, state-of-the-art logistics and a unique ability to organize high-level competitions.

Volunteers, true ambassadors of French hospitality, will play a central role, offering a warm and personalized welcome to all delegations from around the world. Their dedication will ensure a smooth, friendly event that respects the values of sport, while capitalizing on the lessons and infrastructure learned from the Olympic Games.

Support from local authorities and private partners :

The organization of the World Baton Twirling Championships benefits from the essential support of local authorities and private partners, guaranteeing its success on an international scale.

Local authorities: logistical and institutional support :

The local authorities (city of Tremblay-en-France, Seine Saint Denis department, Île-de-France region) play a key role in financing, logistics and promotion of the event. They provide modern infrastructures and contribute to the organization of transport, security and emergency services. Their support guarantees an optimal experience for athletes, officials and spectators, while maximizing economic benefits for the region.

PARIS AND THE TREMBLAY-EN-FRANCE ARENA:

PRIVATE PARTNERS DYNAMISM AND INNOVATION:

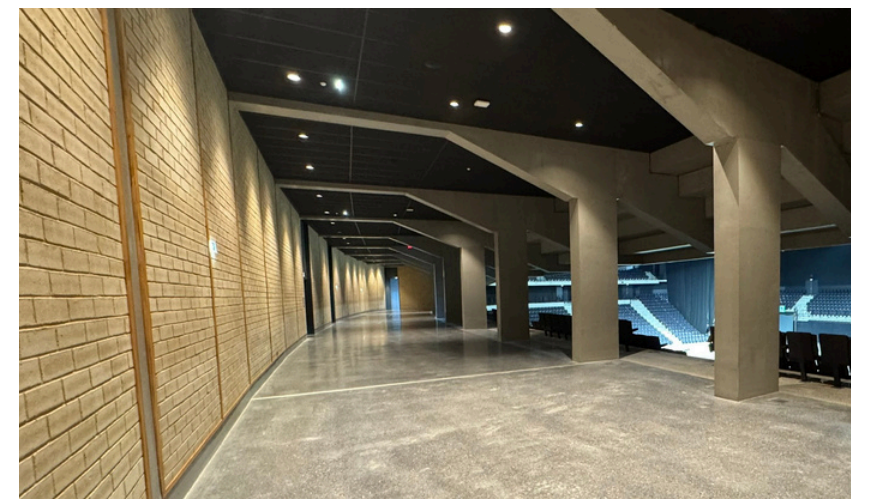

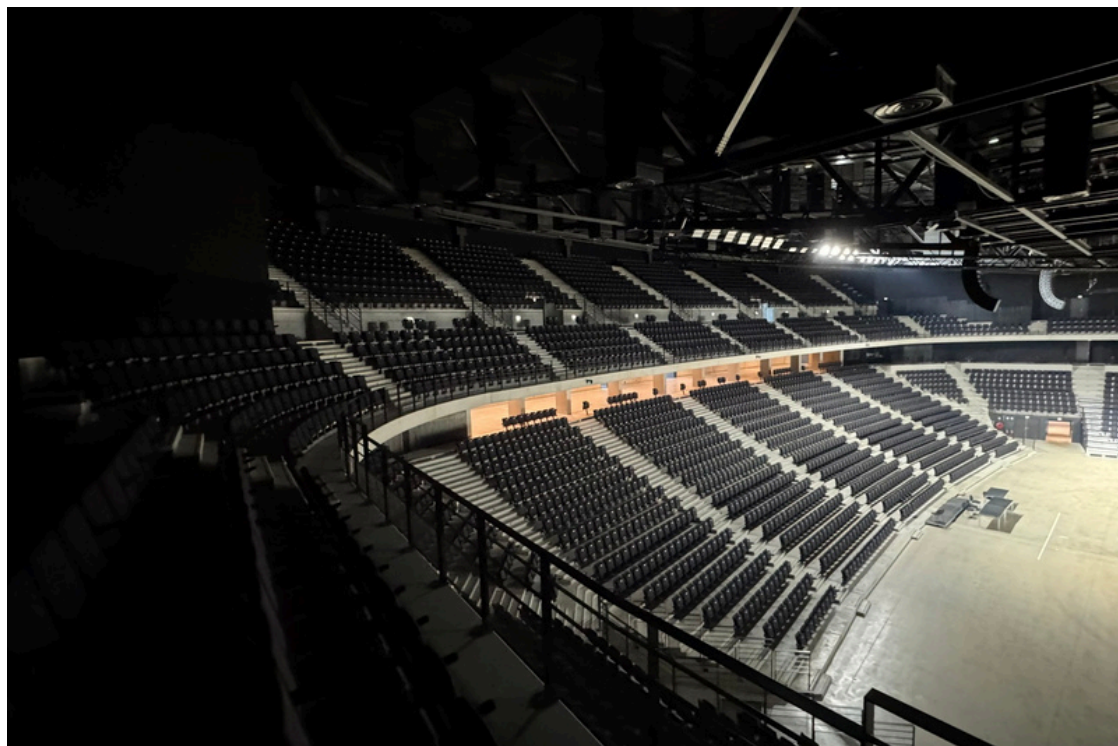

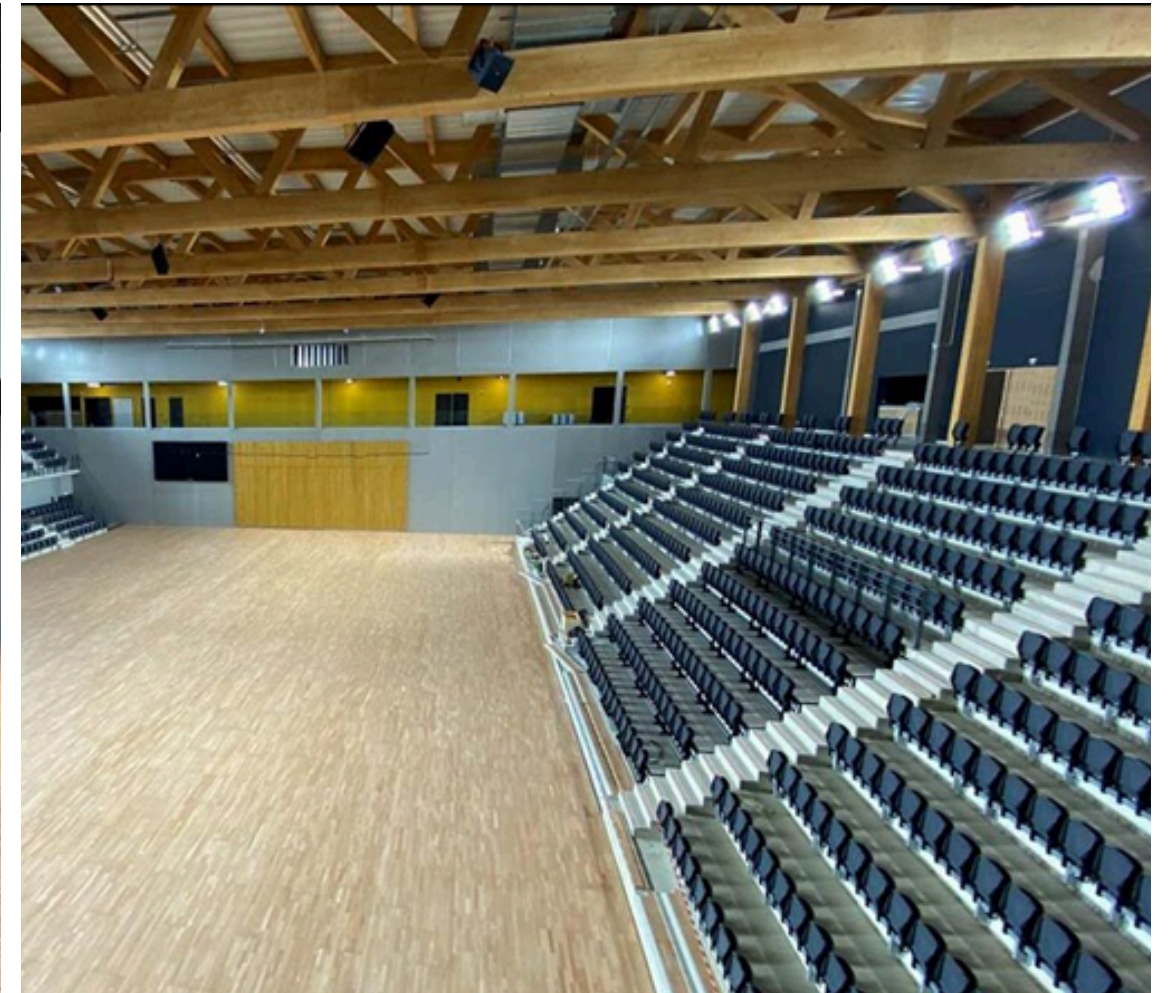

Private partners, from sectors such as sport, technology and hospitality, provide innovative impetus and resources to enrich the event. They contribute to infrastructure improvements, the introduction of cutting-edge technologies (streaming, ticketing) and the organization of parallel activities to energize the event and offer spectators a unique experience.

A SYNERGY FOR EVENT SUCCESS:

The collaboration between local authorities and private partners creates a perfect synergy, combining public support and private innovation. Together, they ensure seamless organization, worldwide visibility and significant economic spin-offs, helping to make this championship a memorable and beneficial event for all.

In conclusion, **everything is being done to make these World Baton Twirling Championships magical**, so that every athlete, every coach and every supporter leaves with stars in their eyes.
